Time Spent:	Not Specified		
Original Estimate:	Not Specified		

Description

The Wishlist (a permanent link to it) is not sent by e-mail by clicking the "send" button while viewing the list.

Steps to reproduce:
1. Open site: http://prestashop.qatestlab.com.ua/en/
2. Open section Women
3. Add some items to Wishlist
4. Click My Account, choose section My Wishlists
5. Choose wishlist named "Мой лист пожеланий"

Expected result:
After choosing "Мой лист пожеланий" in the bootom of the table its detailed contents are opened. Also appear a permanent link to this wishlist with the button "send this wishlist". After double tap this button panel of 10 empty rows appear with the possibility of entering e-mail addresses in them. Clicking button "send" below them will send an e-mail to the address we provided.

Actual result:
We choose "Мой лист пожеланий" in the table. Press "View'. Appears a permanent link and the button "send this wishlist" below it. We double tap this button, input e-mailin the rows below and click the "send" button. The panel of 10 rows closes without any additional notifications about the successful sending of the message. Additionally, we check the email, but it is empty too.
